MINDFUL COLOURING | SERIES ONE

Since we need to stay indoors, indulge in some self-care and practise mindfulness by taking a moment out of your day to colour our chic designs. Colouring is for kids you say? We think not!

There's something nostalgic and calming about getting those colouring pencils out. We've taken Primark Home designs you might have seen on our duvet sets and décor and turned them into adult-friendly colouring pages for you to enjoy. Don't forget to share your finished creations with us on Instagram!
